

## Press Release

October 2004

### **CIMAC CIRCLE at SMM 2004, Hamburg**

On September 30, 2004, another successful CIMAC CIRCLE was held at SMM 2004 in Hamburg. It has become a tradition meanwhile for CIMAC to organize a CIMAC CIRCLE at SMM in the form of a panel discussion. This year's topic was 'The environment and human friendly IC engine'. The panel was chaired by Professor Matti Kleimola, Wärtsilä Corporation, Finland, and president of CIMAC and consisted as usual of high-ranking experts from the industry:

words: 180  
characters: 1144

**Professor M. Kleimola, Wärtsilä Corporation, Finland (chair)**  
**S. Dexter, AVL List GmbH, Austria**  
**J. Kytölä, Wärtsilä Corporation, Finland**  
**Dr. R. Marquard, MAN B&W Diesel AG, Germany**  
**L. Nerheim, RollsRoyce Marine A/S Engines-Bergen, Norway**  
**Dr. F. Starke, Caterpillar Motoren GmbH & Co. KG, Germany**

The event was well attended with 180 participants. A detailed report is available on the CIMAC webpage at [www.cimac.com](http://www.cimac.com) as a pdf-download file. Also a variety of photos taken during the event is available on the CIMAC webpage.
