# Newsletter

International Council on Combustion Engines

[www.cimac.com](http://www.cimac.com)

February 2005

Dear friend of CIMAC,

this is issue no. 8 of the CIMAC Newsletter to keep you updated on CIMAC's activities. The aim of our newsletter, which appears on an irregular basis, is to supply our members and all those interested in CIMAC and its activities with a short information on news items. Further details will be given on our website [www.cimac.com](http://www.cimac.com) – just follow the links.

- The CIMAC Working Group on Exhaust Emissions Control has just finalised a **new CIMAC recommendation on 'Standards and methods for sampling and analysing emission components in non-automotive Diesel and Gas engine exhaust gases – marine and land based power plant sources'**. This new recommendation – **No. 23** – is already available in the CIMAC Technical Paper Database at <http://www.cimac.com/services/Index1-techpaperdatabase.htm>
- The **Japanese CIMAC NMA** has organised an event on March 8, 2005, on 'Increasing demand on low sulphur fuel'. It is a **one-day event held in Tokyo**. Further details can be found at [http://www.cimac.com/congress\\_events/Index1-events.htm](http://www.cimac.com/congress_events/Index1-events.htm)
- Preparations have already started for the **CIMAC CIRCLE 2005** which will take place on **December 8, 2005, at Marintec in Shanghai**. As usual the CIMAC CIRCLE will be a 2 hours' panel discussion on an interesting topic. The title selected for Marintec in December is **'HFO operation – its impact on engine reliability and emissions'**. The event is still in the planning stage but some details are already available at [http://www.cimac.com/congress\\_events/Index1-circle2005.htm](http://www.cimac.com/congress_events/Index1-circle2005.htm)
- The proceedings of the 24<sup>th</sup> CIMAC Congress in Kyoto 2004 are available on CD until end of March 2005. Use the opportunity to purchase your personal copy. There will be no sales of this proceedings CD after end of March 2005! To obtain the proceedings CD please visit <http://www.cimac.com/services/Index1-techpaperdatabase.htm>
