Newsletter

International Council on Combustion Engines

www.cimac.com

April 2011

Dear friend of CIMAC,

this is the issue no. 33 of the CIMAC Newsletter to keep you updated on CIMAC's activities. The aim of our newsletter, which appears on an irregular basis, is to supply our members and all those interested in CIMAC and its activities with a short information on news items. Further details will be given on our website www.cimac.com – just follow the links.

- A second **CIMAC CASCADES** event for younger engineers is planned for **November 15, 2011, in Tokyo**. Due to the natural disasters which took place in Japan the original date of May 20 is now **RESCHEDULED** to November 15, 2011. http://www.cimac.com/congress_events/Cascades.asp
- The CIMAC WG 17 – Gas Engines has just finalised a new position paper. The document on **TRANSIENT RESPONSE BEHAVIOUR OF GAS ENGINES** is available for download at http://www.cimac.com/workinggroups/wg_17_ge.asp
- For 2011 two **CIMAC Circles** are planned: we will have the traditional CIMAC Circle at Marintec in Shanghai on Dec. 1, and, additionally, a CIMAC Circle at Kormarine is under preparation. Visit http://www.cimac.com/congress_events/Index1-events.htm for first information. Details are still under preparation.

*If you do not wish to receive
our newsletter in the future
please return this mail marked
'Unsubscribe' and we will delete
you from our mailing list.
